Rasi Chart for Your Name

Provided by: Astral Gemstone Talismans

Printed on 10/19/17 at 05:26

This is your main birth chart shown in the North Indian Style. There are twelve houses. Each house governs different affairs of life. Each house has a sign occupying it and shaping it. The area holding the word "Rasi" is the First House. The houses then proceed to the left, or counter-clockwise, as the 2nd, 3rd, 4th, and so on. The sign occupying the first house is known as the Ascendant, Lagna or "Rising Sign". You have Gemini Rising. Each house has a symbol or number near its outer edge which stands for the sign occupying that house. The signs are actual constellations visible in the night sky. The planets are always somewhere amongst these constellations. Your chart is the positions of the planets in the sky at the time of your birth. By noting the positions of the planets in the Signs and Houses as shown above, your readings take shape.

English Descriptions of the Basic Placements in the Vedic Horoscope Belonging to Your Name

Below is a basic description of the main components of your chart. Memorizing these points about your chart will give you the ability to describe it to any astrologer say at a party, or over the phone. These are the main points that any Vedic Astrologer would need to know before discussing your chart. The zodiac is a belt of stars that surrounds the equator of the Earth and is divided into twelve major divisions of space each being 30 degrees of the total 360 degrees of space surrounding the Earth. At the time you were born, one of these twelve signs was visible in space on the Eastern Horizon from the place you were born. This "rising sign" sets up the basic structure of your chart and is very important. It is a physical fact that the exact zodiac sign specified in your Vedic chart was *actually rising* on the Eastern Horizon as seen from the city of your birth. Also, the positions of the planets given in your chart were *actually exactly where* the planets were at the time of your birth. Counting the zodiac signs *from your rising sign* sets up the *houses* of the chart. Each sign is *ruled* by one of the planets, who is then called *the lord* of that sign. Since each sign is in their order *one of the houses* then each planet becomes therefore *lord of a house*. Actually, most planets rule two houses each, except the Sun and the Moon, which rule only one each. Each house stands for different affairs of life, and the *lord* of the house carries that aspects of life with it wherever it has gone to in the chart. For example, the *lord of the 9th house* carries with it the ability to grant fortunes, so the house it goes to in any chart is greatly benefited. Therefore, if the lord of the 9th house is in your 2nd house, which rules your bank balance situation, then it grants an increase in fortune there, meaning it is a good placement for wealth. Now let's list out your basic placements:

You have Gemini rising. This is also called "your Ascendant" or "your rising sign", and in India it is called your "lagna" pronounced "lug-na". Your chart shows one of the famous "Pancha Mahapurusha Yogas", "the five planetary combinations, that create great people". They arise, when Mars, Venus, Mercury, Jupiter or Saturn occupies its own or exaltation sign in the chart, while being in an angular or trinal house. These are very useful, but fairly frequently occurring Yogas and they do not always give the promised effects, as the involved planet needs to be strong, well-placed and free from malefic aspects. In your case, it is Mercury, creating "Bhadra Yoga" or "the auspicious combination". If the Yoga manifests not only from the Ascendant, but additionally from the Moon and the Sun Lagnas, then it will be accordingly more powerful. If Mercury is in its exaltation sign, the dispositor needs to be strong, in order to provide the results. A strong and well-aspected Mercury will bestow the good mercurial qualities upon the person, and when the planet is in an angle, especially in the Ascendant or the seventh house, the characteristics tend to also show on the physical level, as opposed to planets situated in trinal houses, that tend to manifest more subtly. You might be very learned, intellectual, eloquent and communicative. You possess a sensitive, mind and a good intuition, have diplomatic abilities and are fun and interesting to be around, as you probably have good sense of humor. You have an easy time to maintain a youthful and slender appearance, be healthy or interested in health matters, are clean and organised, talented in computer knowledge, astrology, medicine, mathematics, communications, writing, editing, trade and commerce or some kind of research or science. If Mercury aspects the Ascendant or the Moon the above mentioned qualities will be heightened. If Mercury is too dominating in a horoscope, it might make the person overly analytical, and they might try to find a logical explanation for everything.

when Mars, Venus, Mercury, Jupiter or Saturn occupies its own or exaltation sign in the chart, while being in an angular or trinal house. These are very useful, but fairly frequently occurring Yogas and they do not always give the promised effects, as the involved planet needs to be strong, well-placed and free from malefic aspects. In your case, it is Venus, creating "Malavya" Yoga. If the Yoga manifests not only from the Ascendant, but additionally from the Moon and the Sun Lagnas, then it will be accordingly more powerful. If Venus is in its exaltation sign, the dispositor needs to be strong, in order to provide the results. A strong and well-aspected Venus will bestow the good venusian qualities upon the person, and when the planet is in an angle, the characteristics tend to also show on the physical level, as opposed to planets situated in trinal houses, that tend to manifest more subtly. If overall Venus is strong in the chart, especially if it is also aspecting or conjoining the Moon or the Ascendant, venusian qualities and attributes like sensual pleasures, fine arts, beautiful clothes, nice vehicles, prosperity, comfort, material resources, an attractive, graceful or charming appearance and an appreciation of exquisite or refined foods are predominant in your life. It might also bless you with a desirable spouse, if it is located in the seventh house for example. "Malavya" Yoga is common to find in the charts of beautiful and wealthy people, entertainers and artists.

Your Signs

01-Gemini in the Ascendant gives you an attractive appearance. Usually tall, with large hands and feet, you may be lean and thin with beautiful eyes and a sharp nose. Your intelligence and pleasant demeanor make your face radiant. You have a special skill in diplomatic negotiations, expertise in trade practices, a talent for dramatic performances, and a great capacity to conceal your emotions. Ambivalence will be your outstanding feature. You are often bashful and very selective in speech. You like to meet people, travel extensively, and acquire knowledge. You have a special ability to influence people and you delight in sporting with the opposite sex. You have an adaptable, dual personality. You can be serious or trivial, depending on your mood and circumstances. Success in life depends on intuitively understanding other people's thoughts and emotions. This capacity to interpret the thoughts and feelings of others enables you to be a very successful writer or novelist. Among the planets, Venus has a special affinity with a person born under this sign, while Mars, the Sun and Jupiter produce adverse results. The Moon is a killer, but if posited with favorable planets may yield auspicious results. The Moon, who is the lord of the 2nd, does not become a death-significator of a person born in Gemini Ascendant. This is undoubted. You will have a dear spouse, be fond of ornaments, charitable, respectable, will have two mothers, favorable even to your enemies, interested in music, fine arts, amusement, poetry, gentle, fond of beautification, conceited, truthful, impatient, crafty, have a few relatives, will possess limbs of irregular sizes, fierce in appearance, will destroy even fearful enemies, and be endowed with lands, jewels, gold etc.

Scorpio occupying the Sixth house produces sexual issues of one sort or another. You meet with problems such as long absence from homeland or guilt and secrecy regarding your humble origins. This conflict seriously distorts the personality.

Scorpio is in 6.

Very powerful and courageous. Your intellect is sharp and you attain a good professional status. Your ambitions run high. You earn money through your own effort and are very self-reliant. not good.

You are surrounded by a number of exceptional mates or partners. You occupy an eminent position and are happy. Independent, administrative powers, wealth.

You have a combination in your chart which causes unhappiness. It is that your moon, being in Pisces and aspected by Mars, causes you to do things or think things that make you unhappy, you worry too much and things simply don't go your way. Lots of things come up that bother you and thus you suffer more than others. This is also an indication of your mother not being seen as high class, which is very relative to time, place and circumstance. You may also be rash and suffer dishonor.

The fifth house is a strong placement for the Sun. It focuses the intelligence more on learning than material gathering. Usually this limits or denies children. This is favorable for becoming a spiritualist and teaching same. Idealistic tendencies may surface. Sharp intellect, even cruelty to opponents may manifest. You may be inclined to study philosophy, alchemy, astrology, etc. The Sun works on the consciousness aspect of life rather than on matter or form. Thus it ordinarily bestows only one son and does not help to make the individual rich. It will, however, make him intellectually bright. You may suffer on account of your first born son. Your mind is sharp. You are sometimes manipulative of others, and you enjoy amassing money. This is favorable for all matters of enterprising nature. The speculative interests are very keen and the capacity for enjoyment, very great. Children are harmed by the Sun in the 5th. Either

Also, you like to roam in forests and hills, and your mind is very good, though you use it sometimes to cheat others. This Sun is good for learning. Second marriage is partially indicated by this placement also.

This brings the following general characteristics, which get modified by specific aspects and characteristics in other places in your chart. The Sun is fallen in this sign. This is not good for the things the Sun controls. There will come from this condition frustrations, losses, much travel, expenditures, moving out of distress, meanness, will live by selling gold and other metals, no affection, jealousy, doing others jobs, extra marital affairs, dirtiness, laziness, may incur wrath from the government and be shameless. These negative effects may come and go at different times. There are positions of other planets which can counter these bad effects also. Nevertheless, this position gives you some of these challenges to overcome in this life.

This placement bodes well for your father in general.

Mars

Gains wealth and leads a comfortable life.

Good at business, commerce. Plants, timber, trees, inks, oils. Diplomacy and speaking/writing are good too. You have good ingenuity for things such as medicine, arts, crafts. Marriage is not helped by this however. You may contact troubled friends from broken relationships and have affairs with them. Although you are active, you sometimes want to live at the expense of others. You have to deal with an unlucky spouse and may have to also deal with people who lose their spouses and go around causing trouble to others because of their inability to take full responsibility for their lives and actions. May be an architect or a machinist/metallurgist, or good at making chemical combinations such as medicines, or a carpenter, also has good salesmanship abilities or a bit of a cheating/misleading mentality. Mars makes you a good fighter.

Mars enables you to acquire property and status, but you feel a great hankering for emotional satisfaction: denied maternal affection, the relationship with your spouse is afflicted and you are socially ill-adjusted. You may even be involved in litigation and disputes regarding property matters.

Mars precipitates the impact of past karmic deeds, especially those of an adverse nature. Ordinarily, Mars is a planet of selfishness, greed, and rash action, which, in the long run, catch up with you in the form of physical or psychological problems. Mars creates impatience, impulsiveness, and self-centeredness, unless it receives auspicious aspects or is in exaltation or its own sign. As a result, you may be considered cruel, inflexible, and covetous by nature. Under such circumstances, Mars may produce affliction for the mother, loss of property, dependence on manual labor to earn a livelihood, and constant movement from one place to another. Generally, you are not born into a respectable family, are abandoned by siblings, favors bad company, and involve yourself in tawdry sexual affairs. You earn your living by serving bad people. No gain through friends and relatives. Apprehensive of enemies; government favor and doles of clothes and fabric through the rich. Mars in this house denotes quarrels with parents, disputes in family, unpleasant domestic affairs

Parents are short-lived; a second spouse is possible. Physical suffering in the 18th, 28th 38th or 48th year. Success gained only after migration.

There is some indication that you will have two spousal relationships, but this is a very general reading. The cause of this reading is very common being in almost half of all charts. Therefore, take it as just one small indication in that direction, to be combined with other more powerful combinations which are more certain.

This placement is good for being a surgeon, physician, pharmacist or groceries merchant. You are original and inventive. You have to struggle to reach goals, self willed, nervous. You like your employees or helpers, and are separated from your friends. When Mars is afflicted you can be cross at times, hasty, obstinate and inviting hostility from others. You are honorable, worthy, fond of love and music, soft spoken, learned, fears enemies, skillful in scripture and fine art.

Works as the protector, guardian, or "heavy person" in an otherwise feminine or "Mercurial" environment; you may be employed in government. Nice looking and very courteous. Affluence, responsibility and popularity. Rash action leads to humiliation.

Success in job, fond of music; soft spoken; untrustworthy; lazy. Your Mercury may be good for wealth, but if you find it so, you may find trouble to a brother coming also.

Physical comforts, a large number of friends and relations, and a very sharp intelligence are indicated by this placement of Mercury in the 4th house. Ability to understand the great range of truths of life. This is a very good Mercury for "understanding". Very considerate to others. You could take to astrology should you desire to. Many great astrologers are found to have Mercury in the 4th house. However, there will probably also be frequent change of residence, and worry or anxiety through domestic affairs. Likely career choices: Private institutions of learning, dealings with real estate, publishing, or home-based businesses. You are composed, learned. Gain comes from parental or authority figures. Basically, it could be said that at heart you are like an heir to the kingdom. You serve the established order and understand it like a prince or princess would understand the kingdom. An advisor of some sort. You write or others take your dictation. You befriend the best of the people. Administrator in the court. Your orders are honored even by the family members. Income through hard labor. Adept in music, traveling, scholar, mathematician.

This placement promotes communication and gives many friends, it also indicates strong emotions and the tendency to be overly sensitive to criticism. You may find that your relationships may be kept at some distance due to your emotional nature. Guard against making unreasonable demands upon your friends.

You are very skilled in the areas of communications, writing, editing, networking and all types of literary pursuits. This is very good for learning and teaching, arguing, learning languages, music, etc.

You may suffer from diseases due to bile.

Your intelligence or deeper thinking capacity is very strong, giving you understanding of finer things, original thinking, retentive memory, and fondness for discussion and literature.

Jupiter

03-Jupiter in the Third House may make you something of a coward, yielding your wealth to your brothers and philosophizing rather than taking action or engaging in definite activities. You gain wealth but very often loses it. This Jupiter is good for fame and prosperity. Sometimes there are many brothers, but they suffer somehow. Joint partnership amongst siblings is unfavorable. Some will be more active than the others. All will thrive in separate ventures, either wealth or fame. Best profession is that of teachers or lecturers. Ungrateful, not a friend of friends, untrustworthy, little gain despite good luck, base. You extend every help to your brothers, but there is no financial gain. Miser, discredited, stingy, strong fraternal feelings, dyspepsia, unsuccessful with spouse, debauch. Poor, crafty and ungrateful, loss of appetite, infirm, wicked; brother reputed. Melancholy, lean, hungry and lazy. Impressive, skilled, ascetic, prospers at the cost of friends and distressed people. Voyaging and traveling. In spite of wealth, lives poor. You are hopeful, cultured, jovial, kind, considerate, religious and philosophical in every kind of transaction. Sincere, polite and rational in writing or dialogue. Understands the popular thought. Gain through education, literature, publishing, traveling, kinsmen, friends.

Pleasure through marriage and progeny; fond of good attire, strong, no job is difficult, much traveling, protector, devoted to learned persons and spiritual persons, cultured taste, popular, Charming and good natured.

Venus is more concerned with sensual enjoyment than accepting responsibility. Under its influence, you are more interested in appreciating or patronizing the arts than in creating them, and more interested in romance than the duties of parenthood. You will have more daughters than sons, as well as being wealthy and cultured. Your goal in life is not concerned with the attainment of spiritual awareness or an enduring reputation; immediate gain, sociability, respectability and sensual enjoyment motivate him. Generally, gives unfavorable results.

Long life will be conferred.

Saturn constricts where it influences. In the fifth house, it restricts the children, makes childbirth difficult, or makes children seem restrictive and troublesome to you. It brings unhappiness with life. Self-destructive towards spousal relationships. The education has breaks. What others see as high ideals may not inspire you. You are likely to be in manual labor, not caring for common law, and lacking finances. Unfortunate in love relationships, you prefer those who are senior in age and manner. Likes those who are religious. You may feel unsuccessful in your pursuit of prayer because you feel unworthy-- gives a feeling of not achieving your religious goal (which is philosophically a great thing as feeling successful in religion is ridiculous to those who know it well). You feel your mind is impure. You have disputes with friends. All this adds up to you becoming really religious. Trouble comes to the children and to yourself because of doubts or wrong advice. You are negative about the rich, and grief comes from friends. Your deep thoughts may be of such a nature as to make you not caring for friends so much, not willing to be relied on, and thus an unknown. This you may take as inevitable or even welcome.

Rahu

Rahu produces great sustaining power when placed in the Sixth house. Every physical impediment is mysteriously removed, success in temporal endeavors is assured, and diplomatic skill is developed to a considerable extent. You may not have much idealism in life and may even keep undesirable company. You will feel the allure of unethical, disrespectful or forbidden activities. Your strength, wisdom, valor and conscience are stable. This Rahu denotes destruction of the adversary. Gain of wealth, knowledge, vigor. No gain through uncles. Wealth through foreign leader type; trouble in back, for animals. Longevity, prosperous, of noble birth, Debauch. You may be a hero, handsome, intelligent, respected, well-known. If well-aspected, all the evils fade away. A strong Rahu indicates vehicular wealth. Progeny to uncle denied; or daughters only. Rahu in Sixth House promotes health and strength, trusted employees, favors service, fortune through paternal relatives; some income or employment. Benefit through prosperous uncles aunts. Danger from service in army or navy. Strong and brave. Radical, affluent, with conveyance. Jewelry, wealth and fortune. Robust health. This Rahu indicates an unstable mind of the father and maternal uncle. You may be infirm, imbecile, absence of enemies, friendly, full of riches. Black mole in the back. Death due to blow of stick, stone, animal, falling from tree or by drowning. You are patient, tolerant, prosperous.

Revengeful, much strife and struggle for living, hardly any achievement worth a name Excited when challenged. Touches extremes resulting in misfortunes. Hidden motives and energies seldom find an expression. Fortune through a noble partner, though you survive your spouse. Honor and recognition from the government and learned people. Fair and just.

Ketu

In your mind you think of spiritual life as real and true and so you know that material life is not the aim of life. This comes gradually as you get older, as material expectations are one by one ruled out as unfulfilling. Therefore, gradually through life, you spend more of your time and energy towards serving good causes. Also, in an attempt to sort things out in this transition, you become restless, and sometimes try to spend for pleasure, only to feel increased frustration. Overall, you should do well because of your sincere approach to life. Areas to try to prevent disease troubles would include the feet, eyes and private parts.

You will be seen as a "rabble rouser" at times. Watch for this in Sun-ruled periods especially.

This placement not good for fulfillment of career objectives. It is said that it ruins "Raja Yogas" or combinations for becoming "rich like Kings". Basically, the all important 10th Lord should go to another wealth-giving or strong house for the commonly desired material well-being to be insured. This placement can be taken in a general way to indicate that the person is so oriented towards "brothers and sisters" that they cannot be really good exploiters or entrepreneurs, out for themselves. They are more of the friendly working type, who would rather have associates than wealth "at any price". Famous brothers, good learning and a desire to uplift the poor manifest in this situation.
